## Lazlo's Announces New Menu for Private Events in the Haymarket

Lincoln, NEBRASKA – One of the premier casual dining establishments in Lincoln's Historic Haymarket District has expanded their private dining services to offer clients the freedom and customization of a buffet service option. For nearly twenty years, the family owned restaurant has offered a plated service to groups through their private dining service.

"We added the Haymarket Buffet option to provide our guests with more variety, as well as the freedom to make their event something really special," explained Anna Otto, event coordinator for Lazlo's Brewery and Grill.

The buffet menu includes many of the restaurant's classics, as well as choices not available in the past, like stuffed tilapia, vegetarian lasagna, beef stroganoff and a staffed carving station. "In addition, we've expanded the appetizer choices to give groups the opportunity to host a full cocktail reception prior to their meal." said Otto.

Everything Lazlo's serves, including the new Haymarket Buffet, is prepared fresh, daily. From salad dressings to desserts, the restaurant takes pride in creating everything in-house, from scratch. "Since we prepare your meal just before the guest arrives, nothing is frozen or pre-packaged--which gives everything that wonderfully fresh, deliciousness that Lazlo's is so well known for."

The landmark restaurant hosts a wide variety of private dining occasions including business meetings, rehearsal dinners, holiday parties, family gatherings, birthdays, graduation receptions, retirement parties and more. The restaurant can accommodate between 20 and 75 guests per group at any of their three Lincoln and Omaha locations; however, the new buffet menu is available only at the location in the Haymarket (210 North 7<sup>th</sup> Street). To begin planning your private dining experience, call Ms. Otto at 402-434-5957 or visit [www.LazlosBreweryAndGrill.com](http://www.LazlosBreweryAndGrill.com)

###

Opening its doors in 1991, Lazlo's Brewery & Grill is the first and oldest brewpub in the state of Nebraska. The restaurant specializes in meals made from scratch with fresh ingredients, and cooked on a custom-made grill fueled solely by hickory wood. Services include take out, call ahead seating, private dining, children's menu and happy hour specials.
